Global Network - Global Sources

Consultant in the field of power electronics with over 30 years of experience. 4 Patents.

PROFESSIONAL RESUME

Stefan Raducanu

[SRU-Electronics](#)

3,Rue Blanche de Castille

78300-Poissy, France

TEL :33 (0)1 39 65 50 34 ; GSM :33 (0)6 21 97 47 99 ; Email : stefanraducanu@yahoo.fr

Professional Experience

Design of high frequency power conversion equipment using switchmode and resonant techniques. Power levels to 1kW.

- Soft-switching power conversion.
- Expertise from the concept to prototype.
- [DC DC Converters.](#)
- Design of high frequency planar transformers.
- Applied research, [technology development](#) and consultation to [assist others](#) in the field.
- New [business](#) opportunities.
- [Global Network](#). More than sixty [B2BWeb](#) sites.
- [Internet,Intranet,Extranet.](#)
- [Business Intelligence. Business on the Internet.](#)
- [Information Expert.](#)

Experience Summary

[e-consulting](#) ; [e-business](#) ; [e-content](#) ; [e-solutions](#) ; [e-marketplace](#) ; [B2BPartners](#) ; [Global Network](#)

1990-1994, Research engineer in power conversion with CARRAR-France. Responsible for the design of Space and Military Power Program. Contract with DGA-DRET. 2Mhz, DC DC Resonant Converter, 2Mhz planar transformer.. Design of high frequency power converters for space applications. Low and high voltage power converters with multiple output voltages. Military low voltage DC input and off line power converters. Vendor selection for purchased power supplies. Design review team member for new power converter designs.

1978-90, Research and Design Engineer with Research Center of Automation-Bucharest, Romania.

Responsible for the design of the Distributed Military Power System. 1 Patent.

1967-78, Research and Design Engineer with Electronics Research Institute-Bucharest, Romania, Responsible for Medical Electronics Laboratory. 3 Patents.

Education

- Dipl.Ing.degree in electronics and telecommunications.

Organization memberships

- [SEE](#)-Société de l'Electricité, de l'Electronique et des Technologies de l'Information et de la Communication
- [EPE](#)-European Power [Electronics](#) Association
- [IEEE-PELS](#)-Institute of [Electrical and Electronic Engineers](#), member of the Power Electronics Society
- [PSMA](#)-Power Sources Manufacturers Association
- [SCIP](#)-Society of Competitive Intelligence Professionals
